Dear Parents and Guardians

I wish to offer my congratulations to the Transition Years on the occasion of their Junior Cert results this week. It is very important that the first group to sit state exams at this school set the bar high for those who follow. They have certainly done that and we are very proud of them.

It is probably the best part of a Principal's job, to give outstanding results to students who have worked hard to achieve them, and I was happy to do that this week.

I would like to express my thanks to the staff who prepared them so well and to you for your continued support.

In relation to our delayed prefabs, I am happy to confirm that work has begun and that there will be a site meeting next Tuesday to make the necessary arrangements. I look forward to the supply of these much needed rooms which will make teaching arrangements much more straightforward and allow us to reduce class sizes to the expected numbers.

I will continue to update you as the work progresses.

I am currently seeking a meeting with the Chief Executive of KWETB to get updated information on our Millennium Park School. Again, I will update you as soon as I have further details.

I would like to express my thanks to you all for your support and understanding over the last two weeks and look forward to speedy resolution of our current difficulties.

Yours sincerely

Ciarán Keegan

Principal
